PROFESSIONAL SUMMARY

I am a full-time student at Clemson University, pursuing a degree in Computer Science. I decided on Computer Science due to the problem-solving aspects as well as the broad reach that the degree offers. I love the feeling of seeing a large project come to fruition while running smoothly and efficiently.

EDUCATION

CLEMSON UNIVERSITY, COMPUTER SCIENCE

Bachelor of Science in Computer Science

Clemson, SC
August 2013 – Present

- Graduating December 2017

- | | |
|----------------------------|----------------------------------|
| ▪ C / C++ | ▪ Microsoft Office |
| ▪ JavaScript (with JQuery) | ▪ Visual Studio, Chrome DevTools |
| ▪ HTML, CSS | ▪ MATLAB |
| ▪ Java | ▪ Linux |

EXPERIENCE

SAS STUDIO TASK BUILDER

Summer 2016

github.com/kevcorky/Task-Builder

- Learned JavaScript, with JQuery, HTML, and CSS to build the program.
- Allows a user to build a SAS Studio task using many of the controls available to SAS Studio task authors.
- Generates the Common Task Model (CTM) language, which is the expected XML markup language.
- Greatly increases efficiency with building tasks in SAS Studio.

DYNAMIC WATER
